

**Ontario District  
Archive & Storage Task Force  
Report to HOD April 13, 2013**

The Archive & Storage Task Force has not yet been able to complete its assigned tasks.

The responsibility for the review and recommendations stemming from the Scarborough Chapter offer of a truck and risers was reassigned to a committee of the Ontario District Management Team in the Fall of 2013.

Consideration of the Archive and Storage Task Force is being brought back to the District Board in order to re-focus the goals and mandate of the task force.

Respectfully Submitted,
