Applications for 2016 Category School now closed

The applications to become a certified judge at the next category school in July 2016 are now closed. The applicants are now going through a series of tests and assignments with a plan to be invited to candidate school in July immediately prior to Harmony University. We have two Ontario men who have applied to the program, both in the contest administrator category, but I will not indicate who they are until they become candidates in deference to their privacy.

Changes to C&J Handbook

The C&J handbook has received modifications that are now available on the Society website. I encourage all members of the HOD, particularly chapter chorus directors and chorus manager to download a copy and print it off for personal reference and to assist anyone in your chapter.

Respectively submitted,

Barry Towner
